

# Information Security Policy Statement

# INFORMATION SECURITY POLICY STATEMENT

Symeres is committed to maintaining the confidentiality, integrity, and availability of its information and information systems and protecting its information and information systems from all internal, external, deliberate, or accidental threats.

## TO FULFIL OUR MISSION AND VISION, WE PLEDGE OUR COMMITMENT TO:

- ⬢ **Confidentiality:** Ensuring that information is accessible only to those authorized to have access.
- ⬢ **Integrity:** Safeguarding the accuracy and completeness of information and processing methods.
- ⬢ **Availability:** Ensuring that authorized users have access to information and associated assets when required.
- ⬢ **Compliance:** Ensuring compliance with all applicable legal, regulatory, contractual, and industry obligations.
- ⬢ **Continual Improvement:** Continuously improve our information security controls, policies, and practices.

Symeres has materialized this commitment by establishing and maintaining an Information Security Policy which is appropriate to the purpose of the organization and an Information Security Management System in accordance with ISO 27001 requirements.
