

Symeres is one of the leading chemistry CROs in Europe, with over 500 scientists at seven locations (Nijmegen, Weert, & Groningen in the Netherlands; Prague in the Czech Republic; Oulu in Finland; Södertälje in Sweden; and the USA). We provide a range of services to support small-molecule drug discovery and development projects for biopharmaceutical companies in the USA, Europe, and Japan. Our key areas of expertise are synthetic chemistry, medicinal chemistry, parallel chemistry, and chemical process R&D for clinical trials.

Due to growth, the Department of Solid-State Chemistry on our Weert site is looking for talented:

Solid-State Chemists

Full-time

We are looking for candidates with an analytical or solid-state chemistry background, ready to take on a role as Chemist in preformulation development and crystallization projects. You will support the discovery, medicinal chemistry, and process research and development of pharmaceutical compounds. The Solid-State Chemist will perform high-throughput screening crystallization experiments and apply a set of analytical methods to characterize the different solid forms and ultimately select the optimal API form based on stability, bioavailability, and scalability.

Depending on the position, the Solid-State Chemist will be responsible for form selection, crystallization studies, product quality, and supporting the research and development teams. In addition, they will perform literature studies and write project updates and reports.

Qualifications

- ⬡ Either an HBO or Master's degree related to analytical chemistry or solid-state chemistry.
- ⬡ Or an MBO degree with at least three years of experience in analytical, solid-state, or organic chemistry.
- ⬡ In-depth knowledge of XRPD, DSC, and TGA measurements is an advantage.
- ⬡ Experience with high-throughput crystallization experiments is an advantage.
- ⬡ Hands-on experience in a chemical/pharmaceutical laboratory is an advantage.
- ⬡ Strong communication skills, both verbally and in writing. Fluent in English.
- ⬡ A good working and quality attitude, results driven, accurate, with an eye for detail and safety.
- ⬡ Team player.

Job offer

An exciting position in a dynamic organization with an attractive remuneration package and opportunities for learning and development.

Application

Please send an email with your CV and motivation letter to our HR Manager: karen.storms@symeres.com. For substantive questions, please contact our Director of Development: gabriella.pizzuti@symeres.com. More information about the Symeres organization can be found on our website: www.symeres.com.
