

Symeres is the leading mid-sized transatlantic Contract Research Organization for drug-discovery and development challenges. With around 600 highly educated scientists in six locations in Europe and the US, we offer best-in-class solutions for drug discovery and drug development, from small to medium-sized molecule hits.

Our services span across early stage hit finding all the way to the delivery of early clinical drug substance API. We blend fast scientific knowledge with inventiveness to make great leaps on behalf of our clients. We Make Molecules Matter. Together.

The Quality Control Department at our Weert site is looking for a talented:

## Reviewer

### Full-time

We are looking for candidates with an analytical background, ready to take on a role as Reviewer. You will be responsible for the independent verification and release of analytical data, among others, but not limited to, analytical data related to the release of raw materials, in-process control samples (IPCs), APIs, validation studies, and stability studies.

To ensure the quality of data, the Reviewer has a role in reviewing different quality-influencing processes, such as the qualification of analytical equipment, the qualification of reference standards, and the review of analytical method/procedures and their associated validation documentation and sampling instructions.

### Qualifications

- Bachelor's or Master's degree related to analytical chemistry.
- Minimum of 5 years' practical experience within an analytical laboratory.
- Broad analytical knowledge of analytical techniques like (U)HPLC(MS), GC(MS), titration, NMR, IC, IR, ICP-MS.
- Good knowledge of quality management systems.
- Knowledge of handling out-of-specification or out-of-trend results is an advantage.
- Conceptual ability to correlate data.
- Good work and quality attitude with an eye for detail.

### Job Offer

An exciting position in a dynamic organization with an attractive remuneration package and opportunities for learning and development.

### Application

Please send an email with your CV and motivation letter to our HR Manager: [karen.storms@symeres.com](mailto:karen.storms@symeres.com).
