

Symeres is the leading mid-sized transatlantic Contract Research Organization for drug-discovery and development challenges. With around 600 highly educated scientists in six locations in Europe and the US, we offer best-in-class solutions for drug discovery and drug development, from small to medium-sized molecule hits.

Our services span across early stage hit finding all the way to the delivery of early clinical drug substance API. We blend fast scientific knowledge with inventiveness to make great leaps on behalf of our clients.

We Make Molecules Matter. Together.

As part of the increasing demand for our services at our location in Nijmegen, we are currently looking for skilled and enthusiastic

## Senior Organic Chemist

### Full-time

As a Senior Scientist in either our Synthetic or Medicinal Chemistry departments, you'll be responsible for the synthesis of a broad range of challenging small molecules as part of a project team, working with our clients. Reporting to a Group Leader, you'll be involved in route selection and lab-based synthesis, as well as molecule design for medicinal chemistry projects. The clear and concise verbal and written reporting of results in English, as well as strong time management skills are key requisites of the role.

### Key requirements

- Ph.D. degree in organic chemistry or a related area in which organic synthesis is the main component; or MSc. with relevant work experience.
- High motivation and a strong commitment to laboratory work, project delivery, and further learning.
- Strong communicator, fluent in English both verbal and in writing.
- Experienced PC user, skilled in the use of various chemistry-related software packages.

This vacancy is open for EU residents only.

### Job Offer

An exciting position in a dynamic organization with an attractive remuneration package and opportunities for learning and development.

### Application

Are you interested in this position? And do you meet the job requirements? Please send an email with your CV and motivation letter to our HR manager, Dries Sauren, by email: [hrm.hrm@symeres.com](mailto:hrm.hrm@symeres.com). For substantive questions, please contact: Dr. Peter Molenveld or Dr. Tommi Meulemans (+31 24 372 3300).

More information about the Symeres organization can be found on our website: [www.symeres.com](http://www.symeres.com).
