

Symeres is the leading mid-sized transatlantic contract research organization for drug discovery and development needs. With over 700 highly educated scientists and professionals in six locations in Europe and two in the USA, we offer best-in-class solutions for drug discovery and drug development, from small- to medium-sized molecule hits. We are large enough to matter, and small enough to care. Our services span across early stage hit finding all the way to the delivery of your early clinical drug substance API. Making molecules matter. Together.

Due to fast international growth and increasing demand for our services at **our location in Prague CZ** (Běchovice), we are looking for a skilled and enthusiastic:

QC Analytical Researcher

Full-time

Analytical Researchers are involved in QC aspects (research and development activities and routine measurement) related to technology developments and the production of small-molecule APIs for clinical trials or for commercial use. They are involved in the development/optimization and validation of the method used, and they write and review documentation for the analysis of raw materials, intermediates, final products, and specific impurities. They work in close collaboration with Analytical Specialists, QC group leaders, Chemists, and the Head of QC.

They are also involved in the investigation of analytical issues during technology development or out-of-specification results during GMP production.

Furthermore, they will be part of the continuous improvement of our Quality Control Department.

Qualifications

- Secondary/university education in analytical chemistry (preferably), organic chemistry, or a related discipline.
- Knowledge of the use of chromatographic techniques (HPLC, GC) and familiarity with other analytical techniques used in the field are beneficial.
- Good command of the English and Czech languages.
- Advanced user of a personal computer (Word, Excel, Outlook, technical software).
- Good communication and organizational skills; a team player.
- Reliable, accurate, and accountable personality.

Job offer

An exciting position in a dynamic fast-growing organization with an attractive remuneration package and opportunities for learning and development.

Application

Are you interested in this position, and do you meet the job requirements? Please send your CV and motivation letter to our HR Manager, Dries Sauren (hrm.hrm@symeres.com).
