

Symeres is the leading mid-sized transatlantic contract research organization for drug discovery and development needs. With over 700 highly educated scientists and professionals in six locations in Europe and two in the USA, we offer best-in-class solutions for drug discovery and drug development, from small- to medium-sized molecule hits. We are large enough to matter, and small enough to care. Our services span across early stage hit finding all the way to the delivery of your early clinical drug substance API. Making molecules matter. Together.

As part of our increasing demand for our services at our location in Nijmegen and Groningen, we are currently looking for skilled and enthusiastic

## **Organic Chemist**

### **Full-time**

#### **Qualifications**

- B.Sc., M.Sc. or Ph.D. degree in Organic Chemistry or a related area in which organic synthesis is the main component.
