

Symeres is the leading mid-sized transatlantic contract research organization for drug discovery and development needs. With over 600 highly educated scientists and professionals in six locations in Europe and two in the USA, we offer best-in-class solutions for drug discovery and drug development, from small- to medium-sized molecule hits. We are large enough to matter, and small enough to care. Our services span across early stage hit finding all the way to the delivery of early clinical drug substance API. Making molecules matter. Together.

For our Groningen location, we are currently looking for a skilled and enthusiastic

(Senior) Supply Chain Assistant

Full-time

As a (Senior) Supply Chain Assistant you are responsible for the inventory, purchasing, storage, transport and registration of chemicals and goods. You actively contribute to the development of all Supply Chain processes. The (Senior) Supply Chain Assistant reports to the Team Leader Supply Chain and works in a collegial and quality-conscious team.

In this position you will take care of:

- Inventory of warehouses and maintaining stock levels.
- Purchase of chemicals and goods.
- Monitoring of delivery times.
- Receiving and incoming inspection of all goods.
- Waste management (inventory, administration, preparing for shipment).
- Maintaining contacts with the internal organization and external parties.

Qualifications:

- MBO work-thinking level.
- Good command of the Dutch and English language, in word and writing.
- Knowledge of Exact Synergy / Globe is a plus.
- Strong communication skills.
- Be pragmatic and accurate.
- Knowledge of chemistry is a plus.

Job offer

We offer you an interesting position within a dynamic and informal work environment. In addition, we offer good market-conform employment conditions, and you will be given the opportunity to further develop in this position.
